

TL Rotary Tiller

For tractors 16/40 HP (12-30 kW).

Suitable for soil preparation.

- Single-speed gearbox
- Side chain drive in oil bath
- Automatic chain tensioner
- 4 blade propeller flange
- Adjustable skids to obtain the desired working depth
- Adjustable rear shield ensures optimal ground levelling.
- Cat. I and II universal three-point hitch
- Cardan shaft support
- EC safety guards
- The three-point hitch (mm 120) is moved mechanically by hand and does not require levers to operate.

Model	Cutting Width (cm)	Machine Width (cm)	Power HP / kW	Weight (kg)	RRP (ex VAT)
